

Lenovo Smart Locker Solution

Secure, modular, 24/7 self-service solution.

Smarter, reliable, and secure way to **manage your assets.**

Lenovo Smart Locker Solution delivers agile user experiences that today's work-from-anywhere workforce demands. It allows teams to pick up, drop off, and safely store devices on their own schedule.

Further, this solution is also ideal for distributing devices to new employees, scheduling loaner devices, repairs, and more.

- 1 Single locker with **multiple use functions**
- 2 Allows IT / admin teams to **easily locate** whereabouts of different assets in your organization
- 3 Promote smarter ways of working and **improve efficiency and productivity of employees**

Key features

Secure portal with real-time data and reporting on Smart Locker usage

Modular and customizable hardware.

Easy integration with common software platforms.

Proactive managed services to ensure minimum downtime.

Global support for all your after-sales service needs

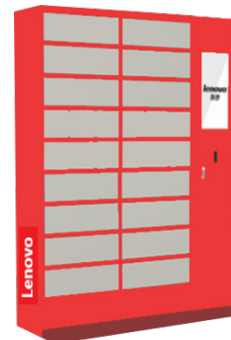

Lenovo

All-in-one, flexible and agile user functions

Designed to address high touch, high dependency workflows & reduce waiting time and manual asset management

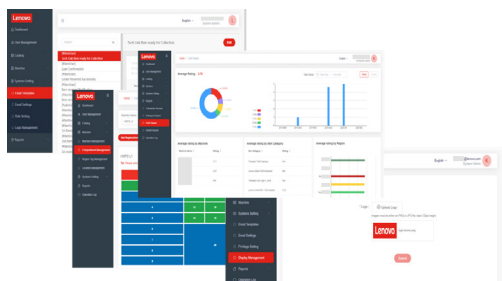

Lenovo Smart Locker solution can enhance user experiences and also be used for multiple purposes in offices, manufacturing sites, and even schools.

- IT to assign devices for new hires or refresh devices for existing users
- Loan and return laptops, accessories or tools
- Assign and schedule collection of devices for break-fix
- Send items to colleagues across your organization
- Distribute office supplies
- Temporary storage of personal belonging

Secure portal to manage and track assets

Status of every asset around the world at your fingertips

Lenovo Smart Locker solution comes with admin and user portals having powerful features and functions such as:

- Visibility and traceability of assets
- Generating reports, setting rules and alerts
- Proactive support even for remote sites
- Reduction of face-to-face interaction

Realisation of modern IT

Digitized solutions for enhanced user experience

Lenovo Smart Locker authenticates each access by:

- Use of QR code and/or employee badge enables safe and touchless authentication
- Barcode scanning to track status of valuable devices

Smarter helps to transform user experiences.
