Pay monthly from **£6.45 per device per month** over 3 years + **3 years ADP - £8.55 per device per month**

Creating equality in the classroom

There's never been a more vital time for MATs and schools to step up and support inclusive learning for each and every student. With the focus shifting to blended learning models in the next normal and beyond, we must ensure that no student is left behind when it comes to having the right digital tools to enable and enhance their learning.

Acer and Getech are fully committed via our Equal IT Programme to supporting schools and MATs on their journey towards implementing tools, technologies and environments that help them innovate and collaborate in this new world of blended learning.

We're offering our latest low cost, reliable and versatile learning devices with flexible subscription options. From fully managed leasing programmes to parental contribution plans, we can support you in bridging the digital divide.

BE PREPARED

In the post-COVID world, we have to be ready to adapt to changing circumstances at an incredible pace.

In a situation where a class, group or small number of pupils need to self-isolate, or there are local restrictions requiring pupils to remain at home, the Department for Education expects schools to be able to immediately offer them access to remote education.

That's why it's vital that students have consistent and seamless access to digital tools and resources, whether in the classroom or at home.

We can help you deploy a 1:1 programme at pace - and get you primed to deliver an outstanding learning and teaching experience both at school and at home.

THE 3 PATHWAYS

We have a number of options available to help build the right Equal IT programme for you, your pupils, and your budget. Driven by affordable monthly payments or parental contributions, our commitment to helping you make digital learning inclusive is always the same.

OPTION 1 LEASING

Get the **tech** you need **now** without the upfront investment with a **cost-effective** device leasing programme, helping you to **rapidly roll out** in a matter of days to students in need.

OPTION 2 LEASING +ADP

Rapid deployment of devices with **additional peace of mind**. Our **flexible** and **affordable** leasing programme backed with **warranty and accidental damage protection** to ensure as little lost learning time as possible in the event of damage to the device.

OPTION 3 PARENTAL CONTRIBUTION

A **fully managed parental contribution programme** delivered by us. **We take on the admin burden** - everything from parent comms to managing payments.

SAFEGUARDING

Keeping pupils and teachers safe when delivering education - whether at school or at home - is essential.

While at schools you're no doubt emphasising the need for a safe online environment, encouraging parents and carers to set parental controls on devices and use internet filters to block malicious websites and content, ultimately you can only influence. You have no control.

By giving students 1:1 access to a school owned device you can enable the same safe and secure access to appropriate learning resources and apps whether pupils are in the classroom or the living room.

OPTIONS 1 + 2 LEASING

Get access to Acer's low cost devices for a manageable monthly payment. Add accidental damage protection for additional peace of mind.

For pupils

Create digital equality in your institution quickly and effectively with no upfront costs

The latest devices into the hands of every student

Provide a consistent learning experience

Reduce loss of learning time when you add accidental damage protection

For you

Off-balance sheet payments

Additional cash to reroute into long-term investments and projects

Zero-risk service supported with repairs, accidental damage protection and more

Optional accidental damage protection bolt-on - get the latest tech fully protected and covered for a lower cost than buying outright

OPTION 3

PARENTAL CONTRIBUTION

To further offset your costs and still provide the digital tools needed for a consistent learning experience, we offer a fully-managed parental contribution programme to support your device investment.

Benefits for pupils and parents

Access to the latest technology to support blending learning

A personalised learning device helping pupils to learn in a way that suits them

No personal credit checks

Complete peace of mind - devices fully covered by us

Spread payments for school devices over time

Benefits for you

Completely offset the cost of investing in new devices

No admin burden - the programme is fully managed end-to-end by us, including all parent communication, ordering portals and payment processing

No risk - supported by full repair service, accident damage protection and secure disposal of end-of-life devices.

Wholly owned by CSI Leasing, with 5 decades of trading history and \$1.6bn in assets

Members of the Finance and Leasing Authority (FLA)

Data processing fully GDPR compliant and certified against ISO 27001

Getech Espresso Training Sessions

Getech understands that having the tools to deliver online learning is one thing, but getting the best out of these tools can require a little guidance. We can offer busy staff, fun, hands-on, bite-sized training sessions that explore G Suite in manageable, 90 minute sessions. You can book these sessions to fit into your day; breakfast, break, lunch or twilight. In partnership with Acer, we are able to offer new customers a fantastic offer.

Purchase 100+ devices* in a 1:1 scheme and you'll qualify to receive 2 Getech Espresso Sessions (Worth £500**) free of charge!

The Espresso Collection Sessions are held live online using the Google Meet app. All delivered by a Google Certified Trainer. Our 'Kickstart' sessions are designed to help you get the best out of your Acer Chromebooks and G Suite.

You can learn:

- ✓ Using Google Classroom and Meet for distance learning.
- ✓ Providing real-time feedback with live comments in Google Docs and Classroom.
- ✓ How to create and share Google Forms for assessment, daily check-ins, permission slips and parental feedback.
- ✓ Creating home learning sites, learning journals and e-portfolios using Google Sites.

If you've already grasped the basics and want to learn more, take a deeper dive with the 'Going Further' sessions.

Both types of modules cover content on Meet, Drive and Docs, Classroom, Jamboard,

Forms, Slides, and Sites.

Contact team@getecheducation.com or 01473 240470 to find out information and pricing.

*This offer is only available for new customers purchasing Acer Chrome devices. **T&C's apply**

**Purchase 100+ Acer Chrome devices and receive two Getech Espresso Training sessions up to the value of £500

EVEN MORE VALUE FROM ACER AND GETECH

Get even more value from your 1:1 programme with these additional offerings from Acer and Getech.

Why Getech?

Getech have the largest and most experienced Google Chrome and Google Workspace* team to support you. Devices fully configured and delivered to site for the best out of the box experience. Full range of PDC and training sessions to make the most of the Google ecosphere.

*Workspace formally known as G Suite
